

Start:ME

MENTORSHIP IS THE KEY TO ENTREPRENEURIAL SUCCESS

Small businesses elevate our communities. The Start:ME program is an accelerator for promising small businesses in metro Atlanta that connects entrepreneurs to the knowledge, networks, and capital they need to thrive. Since 2013, we've brought together hundreds of mentors and aspiring business owners across the Clarkston, East Lake, and Southside communities in Atlanta, ensuring more than 200 new ventures are equipped with relationships to fuel their success.

"Start:ME adds more **value and benefit for entrepreneurs** than thousands of dollars' worth of paid business consulting. The program not only **equips entrepreneurs** for the real world, but cheers them on and motivates them to **confidently progress in the journey of building their businesses**. I thoroughly enjoyed my experience as a mentor!"
